

## **MEDIAN GARDENERS NEEDED**

If you would like to join members interested in enlivening our seven Abrego medians,

**Call Bettye Jo Preis at 777-6689 to volunteer**

We will be working with Median Green on this project. They will offer a training class (\$3.00) which is mandatory for median workers and will supply the yellow vests (also mandatory.) Having Median Green in place saves us hours of conversation with Pima County administrators!

Budget restrictions will probably mean that this will be a long-term project (and contributions will be encouraged) but our first objective will be raking and cleaning and then planting small trees which will have to be watered by hand (tanks with hoses) for the first six months.

Sounds like fun to me! If you would like to contribute to this effort monetarily, please send your contribution to Fairways, c/o P.O. Box 28, GV 85622.
